## BIKE BODY COVER

Modern bikes are so expensive that they can burn a hole in your pockets. One has to spend over a lakh to buy a stylish and performance-driven bike. Hence, it's extremely important to add an extra layer of protection to your premium bike. Since bikes are made up of metal and plastic that can get damaged due to excessive UV rays, rainfall, and accidental scratches, it's important to keep them wrapped in premium and sturdy bike body covers.

## SCOOTY FOOT MATS

Mototrance presents Curly foot mats for scooters. These floor mats are made of environmental friendly PVC which is soft and comfortable; the material is softer than conventional mats which renders it a capability to bend without breaking or tearing while retaining its shape. The best part about nomad mats is that they soak up and trap water, mud and grime easily and cause minimal spillage.
